

PELLA, Ia. (June 11, 2018) - Ring-O-Matic, Inc located in Pella, IA, announced today that Jack Doheny Companies is the new Ring-O- Matic dealer for the state of Michigan and greater Florida. As a full-service dealer, Jack Doheny Companies will be offering sales, rental and service support in these territories.

“We are very excited and honored to have a company like Jack Doheny Companies represent the Ring-O-Matic brand in these two key markets,” said Brian Metcalf Ring-O-Matic, Inc Chief Executive Officer.” Pairing our high-quality line of vacuum excavation equipment with a company that offers premium customer experience, will certainly provide profitable opportunities for our customers.”

Jack Doheny Companies is the world’s largest sewer cleaning and maintenance equipment dealer organization in North America with locations in Michigan, Louisiana, California, Indiana, Ohio, Utah, New Jersey New York, Texas, Illinois, Florida and Ontario Canada. “Every one of our branches are totally focused on customer satisfaction,” says Kay Doheny, CEO of Jack Doheny Companies.”

The Ring-O-Matic line of vacuum excavation equipment covers a wide range of size and configurations ranging from 150-gallon trailer and skid mount units to custom built 3000-gallon truck mounted options configured both as vacuum excavators and vac only units. The popular 550VX and 850VX vacuum excavation machines continue to be the popular choice of general contractors, municipalities and underground utility installation contractor’s worldwide.
