

1300VX model shown.

FEATURES

- » Patented Viper Pothole Tool available the fastest, cleanest, easiest-to-use pothole gun in its class.
- » Power by CAT or KUBOTA unexcelled performance and reliability.
- » Positive Displacement Vacuum Pump rugged and high performance.
- » Premium silencer package reduced noise complaints.
- » Compact low profile good visibility for your driver and stability in rough locations.
- » Rugged construction the way a contractor needs it heavy duty frames and largest axle capacity in its class.
- » Balanced design with optimum tongue weight easy on your trucks.
- » Reverse flow is standard fast tank emptying, blow obstructions out of vacuum hose and back flush the filters for quick-easy cleaning.
- » Unique single handle door latch design for easier, faster opening and closing.

AN IDEAL MACHINE FOR

- » Potholing safely dig test holes in the ground to locate buried utilities for horizontal directional drills.
- » Safe utility locating and/or daylighting.
- » Clean out storm drains, catch basins and valve boxes.
- » Cleaning up drilling fluids and mud.
- » General construction site cleanup.
- » Keyholing or utility microsurgery.
- » Environmental cleanup everything from hurricane aftermath to oil spills.
- » Slot trenching.
